**Reminder about the examination for early diagnosis;
Daughter/ son (first name, surname),*(date of birth)**

Dear Ms/ Mrs..... / Dear Mr.....

We contacted you not so long ago about your child's (first name) U_ examination for early diagnosis, which is now due. Unfortunately, so far we have not had a doctor's report telling us that your child has been examined.

An examination appointment, or returning a reply card can easily be forgotten in daily life. This is why we would like to remind you about this today. You have the chance to make up for lost time and see to the examination by (date). Until this day, the examination for early diagnosis will be paid for by your health insurance.

If you have not already done so, please arrange an appointment as soon as possible with your doctor for the U_ early diagnosis examination. For this appointment, please take the enclosed reply card with the attached declaration of consent with you. Your doctor will then return the stamped and signed reply card to us. Thus, the state of Lower Saxony ensures that all children of Lower Saxony get the examinations that are so important for their health.

Should you have your child examined outside of Lower Saxony, we would request you to send us back the stamped and signed card from the doctor yourself.

If you don't want your doctor to transfer the data, then we would request you to send us back the card personally. However, the doctor has to have stamped and signed the card beforehand. If your reply card still doesn't arrive at our office after the above-mentioned deadline, we shall inform the Youth Welfare Office responsible. You see, we want all children to grow up healthy.

We wish you and your child all the best – especially health!

Your early diagnosis check-up team
